ABOUT US

Two decades of precision manufacturing

Dynamic Tooling Systems was established in 2004 as a small-scale manufacturer of sheet metal components. Today it is a well-respected medium-scale automotive supplier, known for consistently high quality and timely deliveries.

With more than two decades of experience in the automotive industry, we continue to deliver precision work across Press Tools, Press Products, Sub-Assembly Components, Jigs, Fixtures, Gauges and CNC Milling.

To meet current volume and quality standards, our completely integrated manufacturing plant at Hosur is equipped with a wide range of machinery and systems. A team of well-qualified engineers covers design, machining and inspection, and our factory is **ISO 9001:2015 certified**.

Skilled people. Precise work.

WHAT WE DELIVER

- **Press Tools**
- **Press Products**
- **Sub-Assembly Components**
- **Jigs & Fixtures**
- **Gauges**
- **CNC Milling Works**
- **Design & Sample Development**
- **Automobile applications**

WHERE WE WORK

Our Facilities

UNIT I

Tool Room

Design and manufacture of press tools, jigs, fixtures and gauges.

UNIT II

Press Shop

Press capacity from 20 to 350 tons for components and sub-assemblies.

OFFICE

Administration

Engineering, planning and customer coordination.

OUR APPROACH

Quality

Our company is guided by enthusiastic senior experts, supported by experienced, dedicated engineers and technicians. This gives us strong technical development capacity to design high-quality, high-precision products to customer requirements.

Product

In both design and manufacture, Dynamic Tooling Systems ranks among the advanced names in automobile accessory development. We provide design, sample processing and development services for customers across India and supply many automobile manufacturers.

OUR MISSION

To become a global leader in the automotive refitting industry

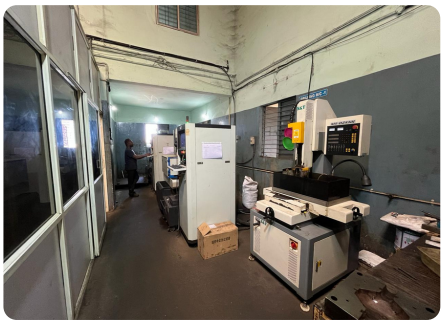
Guided by the spirit of being people oriented, sincere in faith and winning through quality, we make unremitting efforts to provide our customers with quality products and services.

People Oriented | **Sincere Faith** | **Quality Wins**

UNIT I

Tool Room

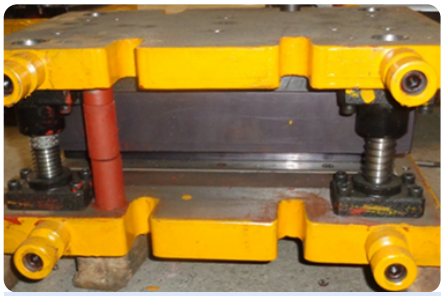
Our tool room combines conventional, VMC and CNC EDM machinery to build precision press tools, jigs, fixtures and gauges in-house.



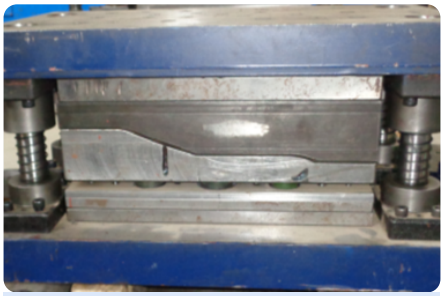
KEY MACHINERY

MACHINE	MAKE	CAPACITY
Radial Drill	HMT	3 – 50 mm
Lathe	Shoki	250 × 1000 mm
Drilling Machine	CKP	1 – 25 mm
Surface Grinding	Povazska Bystrica	1500 × 500 mm
Surface Grinding	Impact	700 × 300 mm
Milling Machine	WMW	1500 × 500 mm
Tapping Machine	Taipu	M3 – M16
Cutter Grinding	Vertex	Ø3 – Ø12 mm
VMC (3 machines)	STM	1200×800 / 850×400 / 600×400
Jig Boring	WMW	1100 × 730 mm
CNC EDM Wire Cut	Ruijun	SR400S & SR600S
EDM Super Drill	Reijun	MS-DZ430I

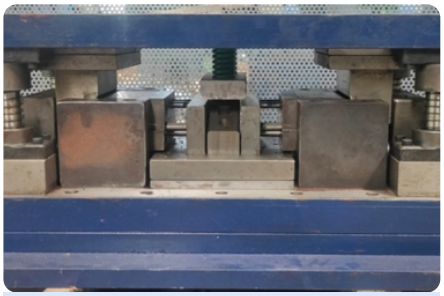
PRESS TOOLS



Cam-Piercing Tool



Forming Tool



Trimming Tool

UNIT II

Press Shop

A fully equipped press shop with power and hydraulic presses, shearing, welding and grinding facilities for volume production of press products and sub-assemblies.

PRESS CAPACITY

19	3	1	1
Power presses	**Hydraulic presses**	**Hydraulic shearing**	**Projection welding**
20 – 300 tons	150 – 350 tons	0.5 – 10 mm	12 kVA

Supported by surface grinding, bench grinding, two screw compressors and a 160 kVA generator for uninterrupted production.

PRESS PRODUCTS

Precision press components, formed, pierced and trimmed to customer drawings

TRUSTED PARTNERS

Our Customers

We supply to leading automotive and engineering companies across India.

TVS · Royal Enfield · Sandhar · JBM Group · Elkayem · Supergita Engineers Pvt. Ltd. · LGB · Metalman · Simple · Samvardhana Motherson · Thai Summit Group · SM · Ather · Nahars · Laxmi · Luminaz · Ruchi Engineering 2.0
